Increase AGP from 31.3% to 40% by 2021

Climate Improvement Plan- 22% of students said bullying was an issue last year. Goal to decrease to 17.1% Morning Meeting time has been set aside to help build community and relationships.

Joni Wright asked if Principal Wright is concerned about meeting such lofty goals and what happens if we do not meet the goals. Principal Wright explained that we would look at the plan and make adjustments and put resources where there are the most needs.

Trina Timko asked if we were able to look at last year's SPP, since we did not finish testing due to Covid.

Sharday Anyadiegwu asked for clarification about ELA percentages and what tests were included. Principal Wright explained that the SBAC for grades 3-5 inform the SPP.

Zoning- New school opening near us, different scenarios show that about 108 students will go to the new school from us. We are at 129% capacity. Zoning committee meets October 20, 2020. Principal Wright will send information on the meeting to the whole school community. Obviously, a loss of students means a loss of teachers as well.
