1.0 Welcome & Roll Call

1.1 Welcome

2.0 New Items:

2.1 School Performance Plan - Shared by Principal Wright. Data shared with parents at a previous meeting regarding math, English language arts, and social-emotional learning. Copy of the plan will be shared to the SOT.

Student Goal #1 - 60% proficient in math (3-5 th grade students who take SBAC).

Goal #2 - Based on a survey given to the adults in the building, teachers are not consistently using differentiation to meet the needs of all students. We have started working on this at weekly data meetings.

Goal #3 Connectedness - Only 35% of kids felt that they could control their emotions. We want to make that 75%. We will use Harmony SEL lessons daily to help children. Mrs. A. Ybarra is coordinating professional development for the staff.

Mr. Slife asked about student population transiency. Also about what happens if we do not meet the goals. Principal Wright addressed both questions. Transiency has been varied due to the pandemic, but generally more changes than we used to see in a school year. We will look at goals again and see how we are doing, but Principal Wright is confident we can and will meet our goals.
