Math 50.91% goal 60%

Increase AGP from 31.3% to 40% by 2021

Climate Improvement Plan- 22% of students said bullying was an issue last year. Goal to decrease to 17.1% Morning Meeting time has been set aside to help build community and relationships.

Joni Wright asked if Principal Wright is concerned about meeting such lofty goals and what happens if we do not meet the goals. Principal Wright explained that we would look at the plan and make adjustments and put resources where there are the most needs.

Trina Timko asked if we were able to look at last year's SPP, since we did not finish testing due to Covid.

Sharday Anyadiegwu asked for clarification about ELA percentages and what tests were included. Principal Wright explained that the SBAC for grades 3-5 inform the SPP.

Zoning- New school opening near us, different scenarios show that about 108 students will go to the new school from us. We are at 129% capacity. Zoning committee meets October 20, 2020. 2.0 New Items:

2.1 School Staffing Update - We losing 3 teachers: One teacher resigned, two

3.0 General Discussion

3.1 Pilot Program - We applied for "The Future of CCSD" pilot program. In addition to regular in-person and full distance options, we would be able to offer a blended learning program. We do not know if we will be accepted to the program yet. All teachers would be trained to offer Project Based Learning school-wide. An extended Pre-K program may be offered through the pilot program. Some schools would be participating in the Communities in Schools program as well.

Principal Wright feels we would be a good candidate school for the pilot program and it would support us implementing those programs we were already discussing and planning on adopting, such as Blended Learning. The Instructional Learning Team was included in the discussion with administration about the pilot program and agreed that we should apply.

3.2 A new math program purchased by the district will be implemented at Kesterson next year.
