

As part of the reorganization of the Clark County School District, our school will form a School Organizational Team that includes 4 parents and guardians. The SOT is a group of parents, staff, and community members who work together with the principal to support the school's success. They provide input on the School Performance Plan, school budget, and other important school initiatives, helping ensure decisions are made with the best interests of students and the school community in mind. Members will be elected by a vote of all parents and guardians at the school. Your input is important to the success of our school and students. Please take time to consider how you can be involved in this process and make your voice heard at our school!
