**2.0 New Items:**

2.1 Budget and staffing -

Kelly presented the budget. Bottom line is we have way less students enrolled than was projected. We are short 2 teachers who will be going to surplus. Kindergarten and first grade classes need to remain small, because those are the foundational years. A third grade teacher will go to 5th.

Misha Strunk asked about enrollment numbers for 4th and 5th, wanting to know if they could be absorbed or if the teacher had to be replaced. Kelly said their numbers would be too high to make that work with 70 students in 4th and 90 in 5th. Amy Ybarra asked if specialists can help support teachers with progress monitoring since they will have more prep time with the consolidation of classes. Kelly said we would be able to look at that after the new prep schedule is created.

2.2 School Performance Plan -

Dena shared goals and data from last year to help us navigate what we will need to do for this year's SPP. SBAC Math - Kesterson met and exceeded goal 54.5% proficient, and in a year with a new math curriculum.

2.3 Finalize Title 1 - This was completed at the PTA meeting.
